

INFRAFRONTIER
mouse disease models

INFRAFRONTIER GmbH is an academic non-profit organisation. It is located in Munich, Germany, at the premises of the Helmholtz Zentrum München and acts as the management and coordination office of the INFRAFRONTIER Research Infrastructure.

INFRAFRONTIER is the European research infrastructure for human disease modelling and provides unique resources, services and expertise to advance the understanding of human health and disease using animal models.

We are looking for highly motivated

Communication Officer (f/m/x)

Main responsibilities:

Implementation of communication measures for INFRAFRONTIER, in particular:

- Generating and updating content for the INFRAFRONTIER website (including regular news items)
- Developing and implementing communications strategies & yearly communication work plans
- Generation of regular INFRAFRONTIER newsletters
- Creation of information and exhibition materials, publications, and presentations
- Implementation of a social media strategy for INFRAFRONTIER
- Measuring the performance of INFRAFRONTIER communication activities
- Coordination of the international communication network activities together with INFRAFRONTIER partner sites
- Representation of INFRAFRONTIER at scientific events and conferences

What we offer:

- Work in an international and stimulating field to support biomedical research
- Possibility to leave your mark in a small and innovative team
- Further training opportunities
- Full-time position (39h/week)
- Flexible working hours
- Salary commensurate with work experience
- Initial employment contract for two years

Job requirements

- Qualification and/or work experience in science communication
- Excellent understanding of the life sciences (scientific background desirable)
- Confident command of digital communication tools and channels
- Independent, structured working style and the ability to organise complex tasks and deliver results on time
- Ability to find creative solutions for INFRAFRONTIER communication approaches
- Native-level proficiency in verbal and written English
- Excellent interpersonal skills and willingness to work in an international team
- Willingness to travel to international conferences and events and to visit the European partner sites
